Assignment 0924 Feedback

Because we have not yet fully explored the scopes of outcomes *1b* and *2b*, these proficiencies have a maximum value (for this assignment) of |. For outcomes that get +’s (or |’s for *1b* and *2b*), there isn’t much more to say except “keep doing it that way.” :) Feedback for other proficiencies focus on specific points of improvement in order to advance. The answer to “how do I improve my proficiencies” is always “do what I write down in the feedback.”

4e — A single commit for the initial submission, followed by...another one *just today*? Either way, one commit does not show good phasing. Plus, the containing folder name is not as specified in the instructions. (/)

4f — Well something *was* committed on time—will have to compare this to October 12 to make a final call. But for now, OK we’ll take it. (+)
